WHAT IS THE PROBLEM?

OUR CHILDREN ARE BEING TRAUMATIZED, PIMPED, PLAYED AND BRAINWASHED. The perpetrator is everywhere, in our faces, yet not easily seen—We only notice the effects: Extreme selfishness, identity confusion, getting sexy so soon, bullying, intimidation, crime, gangs, adult disrespect, macho materialism (bling - bling), pessimism, crashes of class, culture and ethnicity, and failing in school, and life.

You know what the weapons are - greed, desire, conceit, contempt, delusion, drugs, distractions, fear, joblessness, guns, and power trips.

You wail over the outcomes - addictions, acts of aggression, obsession, depression, drinking, depravity, gambling, ridicule, rape, revenge, cruelty, obesity, violence, and killings. It seems today's youth's core values are alienation, anxiety and narcissism.

You feel overwhelmed; youth feel victimized, stressed out, angry, boxed in - maneuvered into playing the game to lose. Who is to blame: The Media? The Market? Hip-Hop Culture? Globalization? Our leaders? Ourselves?

How can youth survive and thrive in an environment of confusion? How can youth develop a strong moral/social immune system, resistant to infection using punk principles? How may they learn what success is?

Our children are crying out for help! Let's bridge the consciousness gap. Join our renowned and knowledgeable speakers, and learn **"13 Strategies for Peace, Protection, Perseverance, and Prosperity."**
